Gateway

Once the apprentice has completed all the required elements of the apprenticeship and their manager and Trainer / Assessor agree that the apprentice is ready for the end point assessment, they will progress through the Gateway to undertake their End Point Assessment.

End Point Assessment

The End Point Assessment must only start once the employer is satisfied that the apprentice is consistently working at or above the level set out in the occupational standard, that means they have achieved occupational competence.

End Point Assessment (EPA) normally takes 3 months to complete and consists of:

Assessment Method 1: Presentation with Questions

The presentation will relate to a real example of work done by the apprentice in their role that will be completed after the Gateway, taking a maximum of three months.

The presentation will include how the apprentice has applied their knowledge and HR related skills to deliver the services required by the role.

The content of the presentation might include:

- planning the resourcing requirements for a growing area of the business
- changing elements of the reward package e.g. bonus structures
- downsizing in an area of the business
- internal HR changes e.g. service centre changes, technology implementation.

Assessment Method 2: Professional Discussion

The Professional Discussion will be conducted after the Independent Assessor has reviewed and marked the Consultative Project and will include questions that explore the Knowledge and Skills covered by the Consultative Project.

The purpose of the professional discussion is to determine the extent to which the apprentice understands the requirements of his/her role as defined by the apprenticeship standard and to explore them through discussion.

Assessment Method 3: Long written test

The test will long written answers to two questions set by the End Point Assessment Organisation.
